Passionate and results driven Full-Stack developer building front-end application with React, Javascript, Redux, SQL databases, and RESTful API architecture. Innovative thinker using problem solving skills to debug clients websites while increasing user experience.

TECHNICAL SKILLS

JavaScript, React, Ruby on Rails, Redux, HTML, CSS, Postgres, WordPress, Photoshop

TECHNICAL PROJECTS

Watercooler - Github | Demo
Social media app designed for developers to collaborate on cutting edge projects
- Created custom database with RESTful API using Ruby on Rails, Active Record, and Postgres
- Implemented Active Record for authentication and cookies for session handling
- Interactive front-end to increase user experience using React, Javascript, and Material UI
- Established a Redux store using redux toolkit to handle data retrieval and creations

Adventure Blog - Github | Demo
Traveling is one of my passions, this website is to display my journey for all to see.
- Established a database with Postgres to be managed by Ruby on Rails and Active Record
- Implemented Design thinking to create an interactive user interface
- Increased usability to create a highly interactive front-end with React, Javascript, and CSS

Cryptonite - Github | Demo
CryptoCurrency tracker that updates to real time price changes and market changes. Keep up to date on all your favorite crypto currencies and where to buy them.
- Communicate with crypto RESTful API to get current up to date information on currencies
- Established user interface to present currencies and markets using React, Javascript, and CSS
- Leveraged Redux store, toolkit, and middleware for data retrieval
- Implemented Material UI to create a visually appealing interface

EXPERIENCE

Self Employed   Hamden, CT
Freelance Web Developer   10/2022 - Present
- Work with clients to update functionality on websites for optimized user experience
- Create custom wordpress themes and plugins to suit the need of clients
- Set meetings with clients to outline goals and objects to be met
- Ensure all product information is up to date with set objects
- Improve websites design and accessibility to increase customer experience

Deltek Products Inc.   North Kingstown, RI
Website Admin   01/2019 - 10/2022
